Floor Finishes

**Betco® BetcoBest® High Performance Floor Finish**

This innovative floor finish utilizes an exclusive patent pending technology. MMT/50™, "Macromolecular Polymer Technology" uniquely combines large (macro) polymers with the highest solid content and a low viscosity to provide the most effective, labor saving floor finish on the market today. Provides a deep high gloss. Extended wear formula makes it perfect for high traffic applications. Higher gloss & more protection are achieved with less labor. For use on all types of resilient flooring.

BE-64059

1.25 Gal. Quickcoat™ II

2/cs

**Betco® Betcobest® LM Floor Finish**

Patented MMT/50™ formula combines (macro) large polymer particles with a high solid content and low viscosity requiring fewer coats of finish. For use on all types of resilient flooring. Provides a deep high gloss. Extended wear formula makes it perfect for high traffic applications. Built in application indicator makes training easy.

BE-644-5

**Betco® Top Flite™ All Purpose Cleaner**

Developed as a result of years of research, this detergent will outperform many all-purpose cleaners on the market today. The perfect choice for any cleaning task, this product is nonflammable and noncorrosive. Clean and deodorize most waterwashable surfaces with this advanced formula. Formulated without butyl or inorganic phosphates, this detergent will not harm most surfaces. It will not streak, film or cause surfaces to dull. Great for mop and bucket, spray or sponge applications. May be used in automatic scrubbers. Use on concrete, fabric, fiberglass, Formica®, glass, metals, painted surfaces, plastic, Plexiglas®, vinyl. Excellent detergency and emulsification. Moderate foaming.

Scotch-Brite™ Surface Preparation Pads

Reduces the need for chemical strippers. Use pad with neutral cleaner or water. If neutral cleaner is used, rinse floor with water prior to applying floor finish. Once floor is dry, dust with 3M Easy Trap Duster before applying floor finish. Helps reduce labor hours and material costs related to stripping floors. No slippery residue from strippers. No stripper cleanup on baseboards or nearby floors. No chemical contamination on skin, clothes and shoes. Effectively removes floor finish, leaving a clean surface ready for recoating. Product can be used on vinyl tile, marble, terrazzo, concrete and other floor types. Prepares hardwood floors for finish applications. Scuffs surface to create optimal bonding of finish. Diffuses scratches and conforms to uneven surfaces. Use with water-based or oil-based finishes.

Milazzo Qik Joe Polar Express Ice Melt

Melts at lower temperatures. Safer for the environment. Contains heat-generating ice control crystals that ensure excellent product performance at lower temperatures. Will outperform others in its class. Activates quickly. The various components melt at different speeds, allowing melting to occur over an extended period of time. Works effectively in temperatures down to -15° F. Spread prior to snowfall to make shoveling easier.

Poly Stock Bags

Elkay Tuf-R Linear Low Density Gusset Bags

Elkay's unique blend of linear low density resin (LLD) has resulted in a bag that is stronger and more puncture resistant than low density (LD) bags of the same gauge. FDA approved for use in food applications. Bags are from seamless tubing and bottom sealed for extra strength, no side or slit seals.

Poly Bag With Airhole

SS-8122-AH 8 x 12 .002 2000/cs

Reclosable Bags

Elkay Clear Line Single Track Seal Top Bags

Seal top bags are excellent for storing and displaying all types of products. The zipper type seal makes these bags reclosable and perfect for items that need to be kept fresh or repackaged. 1 1/2" track makes seal secure. Off-set lip and ridges make gripping and opening easier. FDA approved for food applications.
